

We are available for all of your alcoholic beverage needs. A variety of bar services are available in any Lory Student Center location and other locations within the Fort Collins area.

Bartenders are provided to ensure responsible alcohol use of your guests. Specialty champagne, wine, liquor, and beer (including kegs) are available per request at market price. *Please allow three weeks notice to fill special requests.*

BAR SERVICES

Please choose either a host or cash bar. A cash bar is available for your guests who will pay cash per drink. A host or open bar is available when the client hosts the beverages; this may include tickets or a dollar amount.

GENERAL POLICIES

An alcoholic beverage request form must be completed by the client and approved by the Lory Student Center Directors Office at least three weeks prior to the event.

The Lory Student Center has a liquor license. Our license covers all events within the Lory Student Center. Personally purchased liquor will not be permitted inside the building. Groups must order all alcohol through LSC Catering for all events in the building including the University Club.

Substantial foods, which are protein based, must be served during the time of alcohol service. Exceptions to this occur when a full catered meal follows or precedes alcoholic services. Please call the Catering office for suggestions of these acceptable food items.

Bartending charges apply to customers not affiliated with the university. Please see the Service Charges list for locations outside the student center for bartending rates. All University affiliates will be provided bartenders at no additional charges.

No gratuity accepted in the form of alcohol. Bartending staff cannot be asked to join customers in drinking of alcohol or dancing.
